

SUMMER 2009 STUDENT HANDBOOK

Introduction

Welcome to Anderson Ranch! Your workshop experience will be challenging and exciting. This handbook will help you get the most out of it. Workshops help you see yourself and your work from a new perspective. Your growth may be as straightforward as learning a new technique or as expansive as provoking a new life path. It is likely that your workshop will unfold differently than you imagined; embrace the experience. If you have taken workshops in the past, remember that no two are alike.

In signing up for your workshop(s), we expect that you have made a commitment to attend in full. Coming late, leaving early, or missing class in the middle is disruptive to the class. We ask that you come prepared to participate in a positive and constructive manner, ready to engage with the instructor, the course material, and the other students.

Each workshop instructor has a different teaching style. One teacher may present a workshop with a predetermined agenda, while another may improvise a schedule in response to the interests of participants. Whenever possible, familiarize yourself with the work of the faculty. This will allow you to begin a dialogue, of sorts, with your instructor even before your arrival. If the faculty has taught previously at Anderson Ranch, we can characterize their approach for interested students.

The student handbook provides facts about how to get to the Ranch, local weather, housing options, and other important logistical details. For other essential information, please carefully read your course description and supply list. Familiarity with these will insure that when you arrive at Anderson Ranch you will be able to immerse yourself in your workshop without delay. If you have any questions regarding course content, faculty, or skill level, please do not hesitate to call us.

Skill Level & Acceptance Into a Workshop

Please read the workshop description carefully in the Summer Workshop catalog to ensure that the workshop is appropriate for your skill level. Some workshops require no previous experience while others require skills that are stated in the workshop catalog and/or in the supply list. If you question your skill level for the workshop you chose, call us and discuss your concerns. We will help you find a workshop that is appropriate for your skill level.

You must be 18 years of age or older to participate in an adult workshop. The Ranch accepts persons regardless of race, color, national origin, gender, sexual orientation, or religion. Anderson Ranch reserves the right to refuse registrants with a history of unsatisfactory behavior; we also reserve the right to dismiss any student, without refund, for unacceptable behavior.

All children's workshops, field expeditions, and most adult workshops require that a Participation and Waiver Statement be completed and returned to the Ranch at the start of the workshop.

Area & Local Information

Anderson Ranch is located in Snowmass Village, Colorado (pop. 1,725), ten miles west of Aspen (see map at the end). You will find a variety of restaurants, a grocery store, drugstore, post office, sports equipment rental center, and other shops within a 10-minute walk or a free shuttle bus ride from the Ranch. Bus service into Aspen is approximately \$3 (www.rfta.com). In Aspen, you will find a great selection of restaurants, shops, and galleries. For a packet of general information about the area, please call: Stay Aspen Snowmass/A.C.R.A. 888. 649. 5982 or www.stayaspensnowmass.com

Office Hours

The Office and galleries at Anderson Ranch are open year-round. Summer office hours are 8:30 am to 5:00 pm (Mountain Time) Monday through Friday, and 12:00 pm – 6:00 pm on Sundays.

Throughout the rest of the year, the office is open from 9:00 am to 5:00 pm Monday through Friday.

Telephone

There are several pay phones on campus, and most condominiums have telephones. Long distance calls must be made on a calling card or credit card. In case of an emergency, a phone message may be left for you with the receptionist at the general Ranch office number, which is 970. 923. 3181. All emergency phone and fax messages will be posted on a central Ranch bulletin board located in the main office. Fax messages will incur a charge. Our fax number is 970. 923. 3871. **We ask that cell phones be turned off in the studios.**

Internet Access

We have several internet-only computers located throughout the Ranch that will be available for students to use while attending workshops at Anderson Ranch. If you require fail-safe access to the internet while you are here, you have two options. 1) We recommend that you bring a laptop computer with an Ethernet port and a personal Ethernet cable so you can plug your laptop directly into one of the many wireless access points located throughout the Ranch, providing a hard-wired connection to the internet. 2) If your laptop has a built-in modem, any phone line throughout the ranch (or in a condo) is available for connection as well, although this will require a dial-up account with a dial-up provider. Also, a calling card may be required if logging onto your internet service provider requires a long-distance phone call. The dorm lounge has both a wireless access point for Ethernet connection and a phone plug for dial-up access or, if you stay in a condo, you can use the phone line in the condo; either way you should be able to plug in your laptop and gain access to the internet.

Climate & High Altitude

Summer weather at the Ranch is generally sunny and warm during the day (65 to 85 degrees) and cool at night (30 to 55 degrees). Though the daytime relative humidity averages 15 percent, we often have brief thunderstorms in the afternoon, which usually clear by evening. Rain jackets, hats, sunscreen and flashlights are strongly recommended. When packing for your workshop be sure to include a rain jacket (a rain hat and/or umbrella are advisable also), warm socks, light jacket, sweaters and/or sweatshirts for keeping warm in the evening, and sturdy, comfortable shoes. Because the sun is intense at this altitude, bring sunglasses & sunscreen with SPF 15 or higher.

The Ranch is located at an elevation of 8,200 feet. Some people experience high altitude (or mountain) sickness (shortness of breath, headaches, dizziness, lack of energy, difficulty sleeping, nausea, vomiting, loss of appetite and other symptoms) for the first 72 hours after arrival.

We advise you to: drink a lot of water or juice; take ibuprofen or acetaminophen for headaches; avoid alcoholic beverages, caffeine, and salty foods; get plenty of rest for a few days before you get here and after you arrive. If you feel the altitude could cause a problem, please consult your physician before arriving for a workshop. It is very important to stay hydrated at high altitude, which is why we encourage you to bring a reusable water bottle with an attached top. These can be refilled at many locations around the Ranch.

We encourage you to seek medical care if your breathing problems worsen, you have chest pain, you have a bad headache that is getting worse, you have trouble walking, or you have trouble thinking clearly.

Orientation

Monday morning at 8:45 am there will be a short general orientation in the Schermer Meeting Hall. We encourage all students to attend, as important announcements are made and workshop instructors and assistants and Anderson Ranch staff are introduced. If your workshop does not begin on a Monday morning (e.g., weekend workshops, critical studies seminars, field expeditions, etc.), please refer to the workshop supply list or itinerary for your orientation schedule and location.

First Sunday Dinner

If your workshop begins on Monday morning, you are welcome to join us for dinner in our Café Sunday evening. Dinner is served between 6:00 and 7:00 pm and costs \$18 (if you have not already purchased a meal ticket that includes dinners). A faculty lecture and slide presentation follow.

Faculty Lectures

We offer free public lectures by workshop faculty members and visiting artists in the Schermer Meeting Hall several evenings each week, June through August. Lectures begin at 7:00 pm. Please check the Summer Community Events Calendar or our web site (www.andersonranch.org) for a schedule of lectures taking place during your stay.

Workshop Meeting Times

Workshops generally meet from 9:00 am to 5:00 pm, Monday through Friday, with an hour break for lunch, unless stated otherwise in the course description. The workshops are intensive experiences, and participants may find themselves in the studios in the evenings. Most studios are open 24 hours a day (except for cleaning times to be designated at your workshop orientation session). Workshops that run for two or more weeks will have weekend studio access determined by the Program Director. Workshop participants may only use facilities and equipment designated by their instructor. However, your schedule for your specific workshop will be announced the first day of class.

Workshop Safety

Students attending workshops are asked to complete a Workshop Safety Information Form and Waiver the first day of the workshop. These forms are kept for the duration of your workshop and provide us with information that will help us care for you in case of an emergency. Please bring emergency contact information, insurance company and policy number, local housing address and phone number.

Pets Not Allowed

Your best option is to leave your pet at home. Pets, other than Ranch pets, are not allowed on Ranch grounds or in cars in the parking lot. No pets, except service animals such as seeing eye dogs, are allowed in the housing we provide, including private condominiums. Unfortunately, we suffer stiff fines for pets; therefore, if you bring a pet, you will be asked to vacate your housing, and you will not receive a refund. There are few housing facilities in Aspen or Snowmass Village that allow pets. If you must bring your pet, ask us about an appropriate local kennel.

College Credit

You may receive undergraduate college credit for most workshops through Colorado Mountain College (CMC). Tuition rates through CMC, which must be paid in addition to workshop tuition, can be found on their web site, www.coloradomtn.edu. Register with CMC and pay the appropriate fees at least 30 days before the start date of your workshop. For information or to register with CMC, please call CMC at 970. 925. 7740. Your own college may also grant credit; contact your college registrar.

General Information

Please review the catalog workshop description, the general information listed below, and the supply list provided specifically for your workshop. It is essential that you have a clear understanding of your workshop and come properly prepared. The supply list explains what the studio fee covers and also lists the supplies your instructor requests that you bring to the workshop. It is your responsibility to come fully prepared and equipped for your workshop(s).

You should receive your supply list in the spring. At that time we also plan to have supply lists posted on our web site. If you have not received the list by then, please call the Ranch. Please read

the supply list carefully. Your supply list will mention suppliers to contact when gathering the items on your list. If you have any questions about items on your supply list, call the Ranch and one of our staff members will be happy to answer your questions.

Getting Supplies to the Ranch

If you have a lot of supplies to bring to your workshop, you are welcome to ship them to the Ranch via UPS or FedEx. We ask that you ship them to arrive at the Ranch no more than a week prior to your workshop start date, as we have limited storage space. All UPS and FedEx packages must arrive at the Ranch clearly labeled as shown below. Unidentified packages will not be signed for and will be returned.

Please label your packages as follows:

Your Name/Your Workshop Instructor's Name/Program Area
c/o Anderson Ranch Arts Center
5263 Owl Creek Road
Snowmass Village, CO 81615

Shipping Work from the Ranch

Students are responsible for handling arrangements to ship their completed artwork home. A limited supply of packing materials will be available for purchase from the Art Works store at Anderson Ranch or you may choose to supply your own. We will arrange to have a shipping company representative on hand most Fridays from 3:30 to 4:30 pm to answer questions, quote orders, and collect work to be shipped.

Art Works Store

The Art Works store, located in the office and administration building, offers a wide selection of art supplies, clothing, books and artwork. The wide selection of art supplies includes canvases, watercolors, oils, soft pastels, oil pastels, acrylics, ceramic tools, brushes, charcoal pencils, sketch books and watercolor papers. Please call for specific product availability.

What to Pack

Dress at Anderson Ranch is informal. Bring a variety of casual clothes, including shorts, t-shirts, jeans, etc. It's an excellent idea to pack a flashlight for walking around the Ranch at night. Another item everyone will want to bring is a camera with plenty of film and extra batteries. Finally, please be sure to bring everything stated on your supply list.

HOUSING

Housing Facts

The dormitory fills quickly, and there are a limited number of spaces in all housing options! The earlier you make your housing request, the better your chances of receiving your preferred option. Housing is assigned on a first-come, first-served basis. Please give your housing choice careful consideration before making your reservation. Each switch in housing option will incur a \$25 Housing Transfer Fee. In order to ensure your reservation, you must pay in full at least 60 days prior to the start date of your stay. Prices are listed on our web site and in our catalog (although you'll need to call for condo prices). If you are staying with us multiple weeks, the weekend in between is covered in the per week cost.

*The State of Colorado requires us to charge 10.4% sales tax on lodging. In addition, the Town of Snowmass Village assesses a 2.4% lodging tax on all lodging arranged through the Ranch. Therefore, a total accommodation tax of 12.8% will be added to your housing invoice.

The Ranch strives to give our students modest housing at reasonable prices. If you require amenities, such as luxury accommodations or workout facilities, daily maid service, a bellman, or a hotel shuttle, please contact Snowmass Central Reservations at 800. SNOWMASS or online at www.snowmassvillage.com or Stay Aspen Snowmass at 888. 649. 5982 or online at www.stayaspensnowmass.com.

Wyly House Dormitory

The dormitory is a two-story, co-ed building located on the Ranch campus next to the Café. There are 18 bedrooms and a common area. Dormitory housing includes meals in the Ranch Café; no food is allowed in the dormitory. There are coin-operated washers and dryers; change (quarters) may be obtained from the main office. Phones are not available in the rooms, but there are two pay phones in the dorm lobby. The rooms are clean and modest. No students under the age of 18 will be housed in the dormitory.

Option A: Shared dormitory room, shared bath, Café meals included

You will be assigned a roommate of the same gender to share a bedroom in the dormitory, but the bathroom may be co-ed. There may be up to three other students sharing the bathroom with you. If you wish to share your room with a specific student, inform us when you register. Guests are not allowed with this option.

Option B1: Private dormitory room, private bath, Café meals included

You will have a bedroom and bathroom in the dormitory to yourself; there are only six such rooms available. Preregistered, prepaid guests are welcome for an additional fee of \$25 per night (meals for the guest are extra).

Option B2: Private dormitory room, shared bath, Café meals included

You will have a bedroom in the dormitory to yourself, but the bathroom may be co-ed (up to two other students may share the bathroom). Preregistered, prepaid guests are welcome for an additional fee of \$25 per night (meals for the guest are extra).

Condominiums

The Ranch leases a very limited number of condominiums from private homeowners in Snowmass Village during the summer. Please contact the registrar to check availability and price for the time you are considering. Each condominium varies in terms of size, quality of furnishings, amenities and distance to the Ranch. Most units are within a quarter- to half-mile from the Ranch (approx. 10-20 minute walk); some are farther and may involve use of the free Snowmass Village Shuttle. Units are located on hillsides, so the walk to and from the Ranch will include numerous steps and an incline.

Each condominium has a living/dining area and a kitchen (food is not provided). Condominium kitchens are equipped with pots and pans, dishes and cooking facilities. The local market is a 10-minute walk from most units. All condominiums have a phone in the living area. Local calls are free, while long-distance calls require a calling card or credit card. Most condominium complexes have common areas, which include laundry facilities, a small pool, and hot tub/sauna.

Option D: Private room in a shared condo, private bath, no meals

You will have a private bedroom in a nearby condominium. Your room could be a loft. You will also have a private bathroom, although it may not be located inside your room. You will be sharing the co-ed, common areas of the unit with other students from the Ranch. Preregistered, prepaid guests are welcome for an additional fee of \$25 per night.

Option E: Private 2-bedroom condo, no meals

This will be a nearby 2-bedroom condominium that is entirely private. One bedroom could be a loft. You may bring family or friends at no extra cost (occupancy limit is four people).

Check-in/Check-out

Housing check-in begins at noon on the Sunday prior to the start of your workshop at the Ranch's main office (Administration Building). We urge you to arrive during daylight hours as finding your housing in the dark may be difficult. The main office is open from 12:00 pm (noon) until 6:00 pm on Sundays during the summer. If you arrive after the office has closed, your housing packet will be in the Information Kiosk, inside our main gate.

Check-out is by 10:00 am Saturday following the end of your workshop; please return your room key to the key drop box at the front door of the main office building. You may leave your luggage on the front porch of the main office building if you arrive Sunday morning or in the dorm common room if you have a departure scheduled for Saturday afternoon.

Arriving Early

Sometimes you may be able to check in to your Ranch housing as early as 5:00 pm Saturday before your workshop begins. In order to do so, this must be prearranged and prepaid with the Registrar. The additional charge is \$80 per night, per person if your housing option is A,B1, B2, D; \$160 for option E. Your housing packet will be in the Information Kiosk, just inside our main gate.

Linens & Towels

Sheets, towels, a pillow, and a blanket are provided with all Ranch accommodations. Maid service changes linens/towels each Friday for people staying for a two-week workshop. Daily maid service is not available. One towel set per week is provided for each student in Ranch housing. Preregistered guests will also receive one towel set.

Special Requests

Our housing supply is limited. We will accommodate requests to the best of our ability and according to the resources we have available, but unfortunately we cannot guarantee special requests. Please let us know if you have physical limitations with walking, stairs, vision, etc. This will help us to provide you with housing that will best suit your needs. For those with specific dietary needs, the condominiums are your best option. The Café is unable to accommodate special dietary requests or to provide storage of foods, medications, or beverages for you.

Age Requirement

We cannot provide housing for anyone under 18 years of age unless accompanied by an adult. Children accompanied by an adult will only be housed in private condominiums (option E).

Smoking Policy

Pitkin County law prohibits smoking in any building or in any housing at Anderson Ranch.

Guests

Some of our housing options allow guests. With most options there is an additional nightly charge. Guests must pre-register and prepay with the Registrar.

Housing Cancellation Policy

To cancel housing and receive a refund, notify us at least 30 days before the start of your housing reservation. If we are given the required 30 days' notice, we will refund your payment less a \$50 cancellation fee per week of housing reserved. No refunds will be issued for cancellations made within 30 days of the start of the housing reservation.

Parking

You probably do not need a vehicle while you are here! Buses and shuttles run throughout Snowmass Village, many of which are free. Taxi service and airport limousines are also available.

If you are planning on bringing a car to the Ranch, please be advised that Ranch parking is limited. If you are staying in a Ranch condominium, a parking space at the condominium complex is not guaranteed for each student sharing the unit. Most units have only one assigned parking space. Condominium complex parking permits are required. Parking permits for the Anderson Ranch dormitory and condominiums can be picked up when checking in.
